Dear Willow Wheeler. The trip to Portugal is looming ever closer and you have only a week before the bikes are due to be loaded. As usual, **The Bike Rack** will be traveling with the group and looking after your service needs as best we can.

In order to avoid as much inconvenience as possible for all on the holiday (and as much work for myself as possible!) I would ask that EVERYBODY has their bike checked and serviced as necessary BEFORE we go.

To encourage you along this path, THE BIKE RACK is offering a **full service to all Willow Wheelers at the reduced rate of €25 (normally €35)**

Also, please note that THE BIKE RACK will once again be offering special value in items that should be of particular interest to those travelling including:

A: The Wheelers, like most club cyclists, get through more than their fair share of **TUBES**. We are offering the most popular types at seriously discounted prices if you buy 2 or 4, PLUS – an extra discount for traveling Willow Wheelers.
